To Whom It May Concern

From : Orangeville Business Improvement Area (BIA)

**Re: Entertainment Services from Deborah Powell/Awesome Airbrushing**

The purpose of this letter is to provide feedback to Deborah Powell of Awesome Airbrush Tattoos for services provided during the 2007 season in the Town of Orangeville.

We have hired Ms. Powell on numerous occasions during various events throughout this past year to include our annual tree lighting celebration, "Moonlight Magic" held in November and Orangeville's Harvest Celebration in October.

Ms. Powell is a pleasure to work with as she provides an attraction that would be an asset to any event. Ms. Powell adds to the atmosphere by providing a unique and vast array of selections in airbrush tattoos. Given appropriate time and artwork, Ms. Powell can also provide customized tattooing to help promote your event or an attraction within.

Mr. Powell is sure not to disappoint in that she ensures that anyone waiting for her to provide airbrushing is not disappointed often going beyond her contracted time without question. She is a low maintenance attraction who greets the public and works the crowd with great ease. Ms. Powell requires little to no assistance in setting up and running her area and is pleased to work with the event coordinator in order to make the event a success.

We would highly recommend Ms. Powell for your next family event and find her services and fees to be more than reasonable.

We wish Ms. Powell much luck in the future and looking forward to working with her again in 2008.
